WE WOULD BE GRATEFUL FOR YOUR VOLUNTEER HELP BACKSTAGE OR FRONT OF HOUSE FOR ANY SHOW THAT YOU ARE NOT VIEWING- Please remember we need DCIS, working with children clearances from all helpers backstage

All other students perform at all three performances unless you have notified us differently!

We are very pleased with the progress of our rehearsals for our concert. It is shaping up to be an entertaining show for you and your family and friends. Plenty of tickets are still available for the show so encourage all your family and friends to come along and support your child. It will mean a lot to them.

DVD- We have Limitless Media Productions filming our show and order forms will be available at the studio and online. Concert dvds are extremely popular with the children and are watched time and time again and the make fantastic presents for birthday and Christmas!

FEES- There are still Term 1 & 2 fees overdue- I would very much appreciate it if you could please finalise outstanding accounts by July 6th to avoid administration fee.

Fees must be up-to-date for students to perform in the concert.

Please contact me if you need an alternative arrangement.

DUE DATE for Term 3 is August 3rd to qualify for the discount fee.

Please NOTE the concert is in TERM 3 not at the end of term 2

Our annual concert in August is a major production and a large amount of organization and team work is required to enable it to happen. I am very grateful for the assistance that is contributed by family and friends. We have some spots still to fill if you can help for at least one of the performances. Please remember you need a working with children clearance to be backstage. I can start a free one for you if you contact me.

PLEASE NOTE- There is a large cost to provide this experience for the students, of which ticket sales largely contribute. I also do not charge extra fees for stage rehearsals (which is normal practice for other dance studios) and try to keep ticket prices to a minimum, term fees are also used towards costs and so it is the requirement that all students performing in the concert pay the full term 3 fee regardless of whether they complete the term or not. Fees must be up-to-date by the concert. (unless prior arrangement is made)
